## REXOIL DIAMOND PRO FE 0W-20 SN/CF

**REXOIL DIAMOND PRO FE 0W-20 SN/CF** is an advanced fully synthetic engine oil designed to help provide outstanding engine protection and better fuel economy. It is formulated with a special blend of high performance synthetic base oils supported by a precisely balanced additive system. It is fully compatible with the latest diesel particulate filters (DPFs) and catalytic converters (CATs) found in gasoline vehicles. Thanks to its low-ash additives, it provides superior protection and longer oil change intervals in exhaust systems and engines.

### *Properties*

- It has low sulfur and phosphorus content.
- Active to clean your engine at the maximum level against harmful soot and impurities.
- It has cleaning feature.
- Thanks to its synthetic structure, the volatility of the oil is low. This provides a decrease in oil reduction.
- It provides fuel economy with its excellent viscosity control feature.
- It provides additional protection against wear by binding to the engine surfaces with the smart molecules it contains.
- creates a layer.
- It facilitates working in the cold with its low temperature fluidity.
- High resistance to tearing due to its high viscosity index.
