

FELIX ENERGY 20W/50 is all-season mineral engine oil which is prepared by refined mineral base oils and advanced technology performance additive packages to respond the lubrication need of modern high speed and high efficiency turbocharged engines. Provides excellent fluidity at low temperatures due to ease of first working. It contains detergent-dispersants, anti-wear and anti-corrosive additives to provide superior protection for engines.

Properties

- Makes the first work easy in the cold, makes effective lubrication at hot weather.
- Protects the engine against all kinds of rust and corrosion and extends the life.
- Excellent viscosity control feature allows the fuel economy.
- Effective detergent and dispersant additives prevent deposit formation and keeps engine clean.

Approvals and Specifications

- API SG/CD

Technical Properties

Test	Method	Typical Properties
Kinematic Viscosity (100°C), [cSt]	ASTM D445	16,3 – 21,9
Viscosity Index	ASTM D2270	Min. 105
Flash Point, °C	ASTM D92	Min. 230
Pour Point, °C	ASTM D97	Max. -20
